In all jackets and suits of D'S Damat, there's a red seagull pin that catches the eye as a detail. Being manufactured completely in Turkey, D'S Damat collection carried seagull, the symbol of Istanbul and freedom, from lapel pin to the brand's emblem in time. Departing from the respect towards the national values and freedom in clothing philosophy, D'S Damat, through the symbol it has chosen, proves that fashion is hidden in the details.

D'S Damat 2015 Spring / Summer Collection leads the timeless style with the season's strongest lines and combination diversity. Suits that bring quality and comfort together in professional life, meticulous "casual" designs that offer freedom of movement and "tuxedo" elegance for your private invitations are in your wardrobes with D'S Damat quality...
